Finishing Strong

December 2014

By Teodoro Brown

In the Book of John, verse 17:4 Jesus prayed: *"I glorified You on the earth, having accomplished the work which You have given Me to do"*. This Bible verse motivates us to finish this year strong to accomplish the work that God has given us to do.

Here are two programs targeted for delivery by Christmas Day:

After 50 years! The Cuban Government has granted permission to celebrate Christmas and decorate homes and churches, a simple tradition we in the free world take for granted. We kicked-off a Christmas Mission campaign to share the story of Jesus with Cuban Children by providing thousands of children with a mini-nativity set from Bethrehem on Christmas.

After 50 years! The Cuban Government has accepted and cleared a 40-foot container with 272,000 packets of dry meals from Feed My Starving Children (FMSC) to help meet the needs of Cubans stricken by poverty and as a vehicle to reach people outside the churches. Our church partners plan to deliver all of the food by Christmas.

With your help, EchoCuba can continue to save and enhance people's lives through the three things we do best: training pastors & Christian workers, advocating for religious freedoms, and conducting health & emergency response programs.

As the needs in Cuba escalates, so too must our compassion. Show your support for Cuban families by advocating for religious freedoms and by tweeting or posting on Facebook. Because of bible and food poverty, together we can make a difference for so many who are in need. Let's surround our Cuban brothers and sisters with love, prayers and support.

EchoCuba feels a strong calling to creatively and strategically share the gospel in Cuba. Thank you for helping us respond to God's work in Cuba.
